Dear Prospective Member,

You are not alone.

Neuro Fitness Foundation (NFF) exists to help neurologically impaired individuals get healthy, stay healthy and improve their quality of life. Chances are, you have survived a devastating accident or medical incident or have been diagnosed with a neurological disease or even have a rare neurological disorder. Spinal Cord Injury, Multiple Sclerosis, Stroke, Polio, Spina Bifida and other neurological conditions require extra efforts to stay healthy and work toward independence. You must remain active and healthy, and that's where we can help you.

NFF provides many different types and kinds of specialized exercise equipment for strength and cardiovascular training and a fitness director with volunteers to assist you as you exercise. Through your regular participation, you'll enjoy opportunities to improve your physical strength and endurance. In addition, you'll meet similar Members who are kind, helpful and supportive of your fitness goals and who can share mental support and encouragement for an enjoyable experience.

Whether your disorder is caused by an accident or medical condition, rehabilitation and short-term therapy are often insufficient to restore or improve your functionality and mobility to its new capacity. Through NFF, you can help improve yourself, your attitude and your life.

This PACKET includes Member Information and a Member Survey that must be completed prior to your activity. To get started, we need the release from your physician. Download this packet and provide your physician with the Physician Release form. Have your doctor complete, sign, scan, and email our release form to Neuro Fitness Foundation, Info@neurofitnessfoundation.org or provide the completed form to you to bring in. Then contact NFF to make an appointment for a free site visit and consultation. Complete the other pages to BRING WITH YOU to our facility. Please don't provide us with personal medical information as we do not need it. Our staff will review your information and help you establish your personal fitness program.

We look forward to working with you at the Neuro Fitness Foundation.

Sincerely,

Neuro Fitness Foundation
